Name: _____

Remember: The = means both sides are the same amount, like a balance that hangs straight. Find the missing number with the opposite operation. **Why does it work?** Plus and minus undo each other, and so do times and divide. Always check: put your answer in the box.

1 □ + 26 = 63

2 85 − □ = 49

3 □ × 7 = 56

4 72 ÷ □ = 6

5 □ − 145 = 380

6 □ ÷ 12 = 15

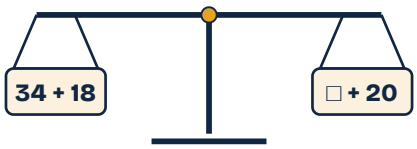

7 25 × □ = 450

8 True or false? 48 + 27 = 80 − 5

9 True or false? 9 × 7 = 70 − 3

10 Write the correct sign (+, −, × or ÷) in the box: 36 □ 4 = 9

11 The balance hangs straight. Which number belongs in the box?

12 Tumi has some marbles. He gives 18 away and has 47 left. Write a number sentence with □ and find the number.
